

## SEWER CONTRACTORS WORKING

Gutelius Excavating, Inc. of Mifflinburg will be finishing contract work in Area 1 on or before October 31, 2009. The contractor has installed sewer laterals and new sewer mains, installed sewer main lining and rehabilitated manholes.

Doli Construction Inc. of Chalfont continues work in Area 5A. Work will continue in the spring of 2010.

The sewer inspection program status is as follows:

**Area 1:** Currently under contract with a completion date of October 31, 2009, for the contractor and residents.

**Area 2:** Letters have been mailed and on-site inspections are done. The completion date for physical work is December 31, 2010.

**Area 4:** Letters to property owners will be mailed October 30, 2009, requesting completion of the property owner's survey form and scheduling of an on-site inspection. The completion date for physical work is April 30, 2011.

**Area 5:** All letters have been mailed to Areas 5A, 5B and 5C. On-site inspections are done. The completion date for physical work is May 31, 2010.

Property owners who have applied for a **Sewer Lateral Grant** should **NOT** authorize or begin any work prior to grant approval. Work done prior to approvals will void your application.

Grant Applications for Areas 1 and 5 are no longer being accepted. Grant applications for Area 2 will be accepted through November 30, 2009.

**Residents are reminded that closed floor drains and redirected sump pump outlet pipes require verification inspection by the Township. Inspections can be scheduled by calling 570-322-6213.**

**Residents in Area 5 are reminded that the due date for physical work completion is May 31, 2010.**
